Up to 30 meters Power over Ethernet capability for flexible deployment

Description:

The TP-LINK Wireless Lite N Access Point TL-WA701ND is designed to establish or expand a scalable high-speed wireless N network or to connect multiple Ethernet enabled devices such as game consoles, digital media adapters, printers, or network attached storage devices to a wireless network. It is designed using Align™ 1-stream technology to provide high-speed, unrivaled wireless performance for your network at 150 Mbps. Together with CCA™ allowing for range up to 4X that of 11g products. Now, you can enjoy a better Internet experience when downloading, gaming, video streaming or with any other application that you may wish to use.
